Hi Scott, you need to go here and look at the legend down the bottom.

In the "Who is online" section.

wickededgeusa.com/index.php?option=com_k...latest&Itemid=65

An upgrade from blue (Moderator) to maroon (Global Moderator).

A decent pay rise included they say.

I like the removal personally, to me it removes to ability for hit and runs with no justification. If someone thinks a contribution is negative, they can either move on or comment, not just click a button and leave everyone especially the OP wondering why. Plus it removes negative vibes from the universe, I am all for that
