Is there a way to upload an avatar from an iPad? When I go there the upload file is greyed out.

Thanks,

Ken

Without going through a hosting site, like Photobucket for example, I don't think so.

And that would be fine, but the upload button is greyed out. I must be missing something (if this is doable)

Something in this area is grayed out?

It's not on my iPad....

Hey Ken...

Wish I had an answer for you. I tried playing with some settings to see if mine would gray out, and it never did.

Maybe try restarting your iPad? Or doing a a soft reset? I know I had an (unrelated) issue once... restarting didn't help, but doing a soft reset cleared it up.

Maybe a more knowledgeable user will have an answer that I'm missing.

Are you using Safari?

Some browsers show this behaviour.

Thanks Curtis, nope, just tried both. Same behavior.

I am, Chris, but I tried it on Chrome as well. Same results. Which browser are you using?

I'm hoping!
